Harry Gregori Participates in OECA Distinguished Speaker Series

As part of the Environmental Protection Agency's Office of Enforcement and Compliance Assurance (OECA) Distinguished Speaker Series, Harry E. Gregori, Jr., Vice President, Environmental Solutions, Inc., will speak Wednesday, March 22, 2006. Mr. Gregori's topic will be *"Compliance, Innovation, and Results: Lessons Learned from Two Decades of Environmental Management and Problem Solving."*

Mr. Gregori's goal for his presentation is to impart and share experiences had during his extensive work in state government while responsible for compliance and enforcement, whereas concurrently promoting innovative programs. In addition, he will discuss changes that have taken place over the last two decades in numerous areas of the environmental industry. The presentation will advocate innovation and alternative strategies to meet both business and governmental needs while producing the goods and services citizens need to have healthy, productive lives in a safe and secure environment.

"I saw the OECA Distinguished Speaker Series as an opportunity to share my experiences which I believe can lend credibility to the benefits of innovative, alternative environmental management programs and activities that achieve positive environmental results," said Mr. Gregori," as well as to have people consider alternatives to the traditional way of accomplishing enforcement and compliance."

Mr. Gregori's session is part of an ongoing series of presentations hosted by the EPA OECA. The Office of Enforcement and Compliance Assurance (OECA), working in partnership with EPA Regional Offices, State Governments, Tribal Governments and other Federal agencies, ensures compliance with the nation's environmental laws. Employing an integrated approach of compliance assistance, compliance incentives and innovative civil and criminal enforcement, OECA and its partners seek to maximize compliance and reduce threats to public health and the environment.

"Compliance, Innovation, and Results: Lesson Learned from Two Decades of Environmental Management and Problem Solving" will be held from 1:00pm until 2:00pm in the Ariel Rios South Building, Conference Room 6226. More information about the Office of Enforcement and Compliance Assurance can be found at www.epa.gov/compliance/about/offices/oeca.html.

About ESI: Since 1990, Environmental Solutions, Inc. (ESI) has dedicated itself to providing environmental solutions integrating innovative processes, state of the art technology, and economics. ESI offers training and consulting, as well as, project development and management, using the Environmental Management Systems (EMS) principals. In addition, the company markets green products created as a result of projects managed by ESI. Environmental Solutions, Inc. is a closely-held, woman-owned business headquartered in Richmond, Virginia. ESI's President, Brenda Robinson, has more than 15 years of experience in a Fortune 500 company and more than fifteen years experience with technology-based businesses and co-founded ESI with her late husband, W. W. "Phil" Robinson. ESI's solutions are applicable, successful, and repeatable, working within your unique organizational requirements. For additional information on how ESI can assist your organization in turning waste (by-products) from a liability into an opportunity, visit us online at www.envirsol.com or call 804.740.5605.
