Impact Award Finalist for 2nd Year in a Row!

Environmental Solutions, Inc. is pleased to announce that we have been selected as an Impact Award Finalist for 2005 – the second year in a row! “We are truly pleased to be recognized in the Greater Richmond business community for our impact not only on the economy, but on the community, as well,” said Brenda Robinson, President of Environmental Solutions, Inc.

Organized by the Greater Richmond Chamber of Commerce, the Impact Award has been presented since 1988 and is the only award where commerce and community come together.

The Impact Award recognizes local businesses that have:

- Grown their business in both gross sales and number of employees
- Demonstrated innovation in business practices, new products, services and ideas
- Responded to adversity and won
- Contributed to the Greater Richmond Community
- Offered a quality work environment for their employees.

The Impact Award process begins in April each year and culminates with the Annual Dinner and Award ceremony in November. Five finalists are chosen from the plethora of entries received. Each finalist has the opportunity to showcase their business to a group of Chamber representatives at their location, as well as through a video that is taped by the Chamber of the finalist’s business activities. Ms. Robinson goes on to say, “This is an important process for us to be a part of. Just being a finalist provides Environmental Solutions, Inc. with the opportunity to demonstrate what we do to a very diverse group, affords additional exposure for the community activities we support, and allows us to show off our great group of dedicated team members and what Environmental Solutions, Inc. means to them.”

About ESI: Since 1990, Environmental Solutions, Inc. (ESI) has dedicated itself to providing environmental solutions integrating innovative processes, state of the art technology, and economics. ESI offers training and consulting, as well as, project development and management, using the Environmental Management Systems (EMS) principals. In addition, the company markets green products created as a result of projects managed by ESI. Environmental Solutions, Inc. is a closely-held, woman-owned business headquartered in Richmond, Virginia. ESI’s President, Brenda Robinson, has more than 15 years of experience in a Fortune 500 company and more than fifteen years experience with technology-based businesses and co-founded ESI with her late husband, W. W. “Phil” Robinson. ESI’s solutions are applicable, successful, and repeatable, working within your unique organizational requirements. For additional information on how ESI can assist your organization in turning waste (by-products) from a liability into an opportunity, visit us online at www.envirsol.com or call 804.740.5605.
