Brenda Robinson Gets Locked Up...For MDA!

Brenda Robinson, President of Environmental Solutions, Inc. was recently nabbed by the MDA Lockup Police as part of the Muscular Dystrophy Association's 2005 MDA Lockup Fundraiser.

As a matter of fact, her team even insisted that every letter of the law be followed, so she was handcuffed right in the office. But, Brenda was fine with that, especially when wearing the cuffs and riding in the police vehicle that picked her up outside of the Environmental Solutions, Inc. offices represented her commitment to MDA. "I believe it is so important that we, as citizens and businesses, contribute to society around us both with our time and financially. I was happy to 'do my time' for such a worth cause," said Brenda. This comment garners additional impact when you consider that the Muscular Dystrophy Association's programs are funded almost entirely by individual private contributors. MDA seeks no government grants, United Way funding or fees from those it serves. Ms. Robinson further stated, "Not only was it worth while, but I had fun; and, am pleased to say that those I called upon to bail me out in my hour served really came through for MDA." All totaled, the West End Innsbrook Lock-Up raised over \$65,000.

Community involvement is an integral part of the overall mission for Environmental Solutions, Inc. The Muscular Dystrophy Association is just one organization that team members are actively involved in on a regular basis. Team members of Environmental Solutions are actively involved in more than twenty-five organizations.

About ESI: Since 1990, Environmental Solutions, Inc. (ESI) has dedicated itself to providing environmental solutions integrating innovative processes, state of the art technology, and economics. ESI offers training and consulting, as well as, project development and management, using the Environmental Management Systems (EMS) principals. In addition, the company markets green products created as a result of projects managed by ESI. Environmental Solutions, Inc. is a closely-held, woman-owned business headquartered in Richmond, Virginia. ESI's President, Brenda Robinson, has more than 15 years of experience in a Fortune 500 company and more than fifteen years experience with technology-based businesses and co-founded ESI with her late husband, W. W. "Phil" Robinson. ESI's solutions are applicable, successful, and repeatable, working within your unique organizational requirements. For additional information on how ESI can assist your organization in turning waste (by-products) from a liability into an opportunity, visit us online at www.envirsol.com or call 804.740.5605.
