ESI Signs Agreement with Soilworks, LLC

Environmental Solutions, Inc. announced today that it has signed an agreement with Arizona-based Soilworks, LLC to become the East Coast distributor of Soilworks, LLC's line of dust control, soil stabilization, and erosion control products.

Through this exclusive agreement, Environmental Solutions, Inc. will be responsible for market development, sales, and customer training for all East Coast opportunities for Soiltac®, a copolymer soil stabilizer and dust control agent; Durasoil®, an ultra-pure synthetic-organic dust control fluid; and Surtac®, the patented Department of Defense liquid dust abatement technology. The addition of the Soilworks, LLC product lines compliments Environmental Solutions, Inc. already established lines of green products such as PaveMend, a high-strength, rapid-set repair material for concrete, and James River Blends, an organic compost soil amendment.

"I am most enthusiastic about the addition of this line of green products," said Environmental Solutions, Inc. President, Brenda Robinson. "The Soilworks, LLC products will become part of a value-add group of solutions we bring to existing and new clients. Due to the complimentary nature of the product line, we envision utilizing the Soilworks, LLC products in many of the same industries in which we currently place our PaveMend and compost products."

About ESI: Since 1990, Environmental Solutions, Inc. (ESI) has dedicated itself to providing environmental solutions integrating innovative processes, state of the art technology, and economics. ESI offers training and consulting, as well as, project development and management, using the Environmental Management Systems (EMS) principals. In addition, the company markets green products created as a result of projects managed by ESI. Environmental Solutions, Inc. is a closely-held, woman-owned business headquartered in Richmond, Virginia. ESI's President, Brenda Robinson, has more than 15 years of experience in a Fortune 500 company and more than fifteen years experience with technology-based businesses and co-founded ESI with her late husband, W. W. "Phil" Robinson. ESI's solutions are applicable, successful, and repeatable, working within your unique organizational requirements. For additional information on how ESI can assist your organization in turning waste (by-products) from a liability into an opportunity, visit us online at www.envirsol.com or call 804.740.5605.
